BAUSCH + LOMB INSTRUMENTS ARE BACKED BY

QUALITY – All instruments are not created equal, nor do they come from the same source. Our extensive line of reusable surgical instruments have been designed by surgeons, and hand-manufactured by skilled craftsmen using select US and German steel alloys and titanium.

EXPERIENCE – 140 years of experience designing, supplying and servicing surgical instrumentation! Our Expert Craftsmen average 20 years of experience and complete a 5 year apprenticeship program.

SUPPORT & SERVICE – We have a Full Service Repair Center in St. Louis, MO, USA to help repair your instruments to like-new conditions. We employ a network of Instrument Specialists across America that are available for in-service training & support.

LIFETIME WARRANTY – Bausch + Lomb hand held microsurgical instruments are warranted for a lifetime against defects in material and workmanship when used for their intended surgical purpose. Bausch + Lomb will repair or replace, at its option, any surgical instrument found to be defective in materials or workmanship.
